4 ounces shea butter

[4 ounces beeswax pastilles](#)

5 ounces jojoba oil

[2 teaspoons of NG Beautiful Type Fragrance Oil](#)

## Instructions:

1. Melt the beeswax and the butter/oil.
2. Mix well, stir in fragrance oil, and pour into molds or push up containers.
3. Mixture will harden in approximately 1-2 hours.

The cooler the mixture is upon pouring it, the less pockets you'll get in it.
