Here's How It's Done : Directions

Clean & Sanitize your work area and all of your packaging materials. It is suggested that you wear gloves, protective clothing, and a hair net while preparing this recipe.

Step 1: Each block of Natures Garden Goat's Milk Melt and Pour Soap is perforated into 40 cubes. Each cube is approximately 1 oz. You will need a total of 55 cubes of soap to make this recipe.

Step 2: Prepare Brown Swirls for top: In a glass container, melt 10 cubes of soap in the microwave 30 seconds at a time. Stir gently. Keep melting until all soap is in a liquid state. Add 10 drops FUN Brown Oxide soap colorant to melted soap. Mix well. Add 1 teaspoon of Cinnabun Type fragrance oil; stir. Pour all of soap into a 9 x 13 cake pan and allow to set up at room temp.

Step 3: Prepare Big White Swirl: In a glass container, melt 10 cubes of soap in the microwave 30 seconds at a time. Stir gently. Keep melting until all soap is in a liquid state. Add 1 teaspoon of Cinnabun Type fragrance oil; stir. Pour all of soap into a 9 x 13 cake pan and allow to set up at room temp.

Step 4: Remove white layer from cake pan by peeling off. Roll the white layer into a loose roll. Set loose roll inside Square Loaf Mold. Set aside.

Step 5: Lay the brown layer on a cutting board. Using a knife, cut slices about 3/4 to 1 inch thick. Individually, roll these tightly. Set aside.

Step 6: Prepare Light Brown Soap: In a glass container, melt 30 cubes of soap in the microwave 30 seconds at a time. Stir gently. Keep melting until all soap is in a liquid state. Add a 1 drop of FUN Brown Oxide soap colorant to melted soap. Mix well. Add 1 ounce of Cinnabun Type fragrance oil; stir.

Step 7: Pour Soap. Slowly pour the light brown soap mixture over the white soap roll in the square loaf mold; allowing for the melted soap to enter into the roll. Completely cover the white roll with the melted light brown soap mixture.

Step 8: While soap is still warm, add small brown swirl details to top of your soap. Allow soap to harden the rest of the way.

Step 9: In a glass container, melt 5 cubes of soap in the microwave 30 seconds at a time. Stir gently. Keep melting until all soap is in a liquid state. Add 1/2 tsp of Cinnabun Type fragrance oil; stir. Drizzle this over the mold and decorative brown swirls to imitate vanilla frosting. Let frosting set up.

Here's How It's Done : Directions

Step 10: Removing the soap. Place the mold upside down. Using your thumbs, apply gentle pressure to the center of the cavity. When the soap loaf releases, set it aside.

Step 11: Cutting the soap into slices: Place entire soap loaf into stainless steel mitre box. Using the mitre box cutter, line the soap up to edge of mitre box and cut even slices of soap.
