Here's How It's Done : Directions

Total Recipe Weights:

- 1200 grams Diamond Clear Melt and Pour Soap
- 500 grams Goat's Milk Melt and Pour Soap
- 85 grams Aloha Fragrance Oil
- 10 drops Fun Soap Colorant- Neon Pink
- 15 drops Fun Soap Colorant- Neon Green
- 10 drops Fun Soap Colorant- Neon Yellow
- 15 drops Fun Soap Colorant- Neon Blue
- 10 drops Fun Soap Colorant- Neon Orange

Clean & Sanitize your work area and all of your packaging materials. It is suggested that you wear gloves, protective clothing, and a hair net while preparing this recipe.

Step 1: Prepare your Base: In a microwave safe glass container, weigh out and melt 1200 grams of Diamond Clear Melt and Pour Soap in the microwave 30 seconds at a time. Stir gently. Keep melting until all soap is in a liquid state.

Step 2: Add 60 grams Aloha fragrance oil; stir well. Once incorporated, pour the soap into your square loaf mold. Spritz the soap with alcohol. Allow to partially set up.

Step 3: Next, insert several milkshake straws vertically into your partially set up soap. Now, allow soap to fully set up. Then, remove the straws. Finally, spritz with alcohol.

Step 4: Prepare your Neon Portion: For this step, you will need your (5) microwave safe glass containers. In each container, weight out and place 100 grams of Goat's Milk Melt and Pour Soap into each one.

Step 5: Melt the soap in the first bowl. Do this in the microwave 30 seconds at a time. Stir gently. Keep melting until all soap is in a liquid state.

Step 6: Next, add 10 drops Fun Neon Pink Soap Colorant. Stir well. Then add 5 drops Aloha Fragrance oil. Stir again. Set aside.

Step 7: Then, melt the soap in the second bowl. Do this in the microwave 30 seconds at a time. Stir gently. Keep melting until all soap is in a liquid state.

Step 8: Add 15 drops Fun Neon Green Soap Colorant. Stir well. Then add 5 drops Aloha Fragrance oil. Stir again. Set aside.

Here's How It's Done : Directions

Step 9: Melt the soap in the third bowl. Do this in the microwave 30 seconds at a time. Stir gently. Keep melting until all soap is in a liquid state.

Step 10: Next, add 10 drops Fun Neon Yellow Soap Colorant. Stir well. Then add 5 drops Aloha Fragrance oil. Stir again. Set aside.

Step 11: Melt the soap in the fourth bowl. Do this in the microwave 30 seconds at a time. Stir gently. Keep melting until all soap is in a liquid state.

Step 12: Next, add 15 drops Fun Neon Blue Soap Colorant. Stir well. Then add 5 drops Aloha Fragrance oil. Stir again. Set aside.

Step 13: Melt the soap in the final bowl. Do this in the microwave 30 seconds at a time. Stir gently. Keep melting until all soap is in a liquid state.

Step 14: Next, add 10 drops Fun Neon Orange Soap Colorant. Stir well. Then add 5 drops Aloha Fragrance oil. Stir again. Set aside.

Step 15: Remelt any bowls that may have started to set up.

Step 16: Fill the Holes: Moving quickly, use the disposable pipettes to fill the open straw holes in your soap loaf. Use any and/or all colors. Make sure to fill each hole completely. Allow this to set up.

Two Color Tip: For Step 16, it is possible to get two different colors into one straw opening. You must move quickly! By placing the pipette to one side of the hole and gently releasing the soap, you can get it to drip down one side only. Then, grab your second color pipette and fill in the remaining open area.

Step 17: Once all holes have been filled completely, spritz with alcohol. Then, continue to splatter the remaining colored soap in layers throughout the top of the soap mold. Keep doing this until all soap has been used. Allow this to fully set up.

Your Psychedelic Suds Soap Loaf is now ready to be cut and used. Enjoy!
