

Blue Raspberry Slushie Slime Recipe

Recipe makes approximately 2- 8 oz. jars of slime.

Here's What You Need:
Ingredients

[Borax](#)
[Da Bomb Soap Dye Blue](#)
[8 oz Bullet Bottle](#)
[24/410 White Smooth Disc Lids](#)
[8 oz Clear PET Jars](#)
[White Smooth Lids 70/400](#)
[Disposable Pipettes](#)
[Blue Raspberry Slushie Fragrance Oil](#)
[Diamond Dust Mica Pigment](#)

Other Ingredients & Equipment You'll Need:

Mixing Bowls
Stainless Steel Spoon
Measuring Cups
Measuring Spoons
White Elmer's Glue
Shaving Cream
Blue Beads for Slime

Here's How It's Done : Directions

Step 1: Prepare your borax solution. In your 8 oz bottle, add ½ teaspoon of Natures Garden's borax. To this bottle, add 8 ounces of warm water. Place a white lid on the bottle. Make sure the lid is in the closed position. Shake the bottle to mix the two ingredients together. You will need this solution in a later step.

Step 2: Next, in a deep mixing bowl, add 1 cup of the white Elmer's glue. Additionally, add 2 cups of shaving cream. Also, use a disposable pipette to add 4ml of the Blue Raspberry Slushie Fragrance Oil. Use your hands to blend everything together completely.

Step 3: Now, add blue Da Bomb Soap Dye. Once again use your hands to mix.

Step 4: For this step, you will need the borax solution you prepared. Add a small amount of the borax solution and mix. Then, add more of the solution and mix again. Repeat this process until you have a fluffy slime consistency.

Note: If you do not add enough borax solution, your slime will be too sticky. If you add too much of the borax solution, your slime will be too stiff and not as stretchy. So, make sure you add only small amounts of the solution at a time.

Step 5: Add a few teaspoons of the diamond dust mica pigment to your slime. Knead the slime to evenly disperse the mica throughout the slime.

Step 6: Place your slime in your clear 8 oz. jars. Add blue beads to the top off your slime. Finally, place a lid on top for storage.

We hope that you enjoy your blue raspberry slushie slime!
