

Juicy Lemon Foaming Bath Whip Recipe

Recipe makes approximately 7- 4 oz. jars of body butter.

Here's What You Need:
Ingredients

[Whipped Soap Base](#)

[Juicy Lemon Fragrance Oil](#)

[Da Bomb Soap Dye – Yellow](#)

[4 oz. Clear PET JAR](#)

[White Dome Lid Smooth 58/400](#)

Other Ingredients & Equipment You'll Need:

Powdered Sugar

Scale

Bowl

Spoon

Spatula

Hand Held Mixer

Deep Mixing Bowls

Here's How It's Done : Directions

Total Recipe Weights:

454 grams Whipped Soap Base
250 grams Powdered Sugar
35 grams Juicy Lemon Fragrance Oil
30 drops Da Bomb Soap Dye Yellow

Clean & Sanitize your work area and all of your packaging materials. It is suggested that you wear gloves, protective clothing, and a hair net while preparing this recipe.

Step 1: First, you will need your mixing bowl. Then, use a scale to weigh out your whipped soap base. Set aside.

Step 2: In a second bowl, weigh out your powdered sugar. At the moment, you can set this aside. We will come back to it in a later step.

Step 3: Next, add the Juicy Lemon Fragrance oil along with the yellow soap dye to the bowl containing the whipped soap base. Now, you will need your hand mixer. Turn it on and begin whipping the whipped soap base. Mix until the base begins to look like whipped frosting.

Step 4: Next, you will need the sugar you prepared. Begin to fold the sugar into the whipped soap base. Be sure to thoroughly mix the ingredients together.

Step 5: Once again, turn on your hand mixer and whip again. If needed, use the spatula to clean the sides of the bowl. You will want to ensure all of the color and fragrance oil has been fully incorporated. Continue to mix.

Step 6: You can stop mixing when the base has a frosting consistency. Allow the frosting to set up for about five minutes.

Step 7: Lastly, use your spoon to scoop the bath whip into your 4 oz. clear PET jars and place a white dome lid on top.

Your juicy lemon bath whip is now ready to use! Enjoy!
