Margarita Salt Scrub Recipe

Recipe makes approximately 8- 4 oz. jars.

Here's What You Need:
Ingredients

[COCONUT Oil-76](#)
[Avocado Oil](#)
[Mango Butter](#)
[Shea Butter](#)
[Jojoba Oil](#)
[Sodium Cocoyl Isethionate- SCI](#)
[VITAMIN E OIL \(Tocopherol T-50\) Natural](#)
[EMULSIFYING Wax Traditional](#)
[BEESWAX White Pastilles](#)
[Margarita Fragrance Oil](#)
[OPTIPHEN - Preservative](#)
[Lemon Peel Powder](#)
[Dead Sea Salt Fine Ground](#)
[VEGETABLE GLYCERIN](#)
[FUN Soap Colorant Lime Green](#)
[4 oz. Clear PET JAR](#)
[White Dome Lid Smooth 58/400](#)

Other Ingredients & Equipment You'll Need:

Mixing Bowls (3)
Mixing Spoon
Spatula
Stove
Pots- for double boiler step

Here's How It's Done : Directions

Total Recipe Weights:

121 grams Sodium Cocoyl Isethionate- SCI
136 grams Coconut Oil 76
113 grams Avocado Oil
62 grams Shea Butter
74 grams Mango Butter
50 grams Traditional Emulsifying Wax
12 grams Beeswax
20 grams Jojoba Oil
20 grams Margarita Fragrance Oil
5 grams Optiphen preservative
5 grams Vitamin E Oil
630 grams Dead Sea Salt
2 grams Lemon Peel Powder
15 drops FUN Soap Colorant Lime Green
14 grams Vegetable Glycerin

Clean and sanitize your work area and all of your packaging materials. It is suggested that you wear gloves, protective clothing, and a hair net while preparing this recipe.

Step 1: Begin by weighing out your coconut oil 76, avocado oil, mango butter, shea butter, emulsifying wax, jojoba, and beeswax. Then, use a double boiler to melt them. Stir occasionally as they are melting.

Step 2: While you are waiting for ingredients to melt, you can prepare your colorant. Weigh out your lemon peel powder and vegetable glycerin in a small mixing bowl. Also, add 15 drops of lime green FUN Soap Colorant. Mix these ingredients together to create a paste. Set this aside, we will come back to it.

Step 3: Once your oils are melted, remove them from your double boiler. Allow the temperature of your melted mixture to drop to 120F and add the optiphen preservative, vitamin E oil, sodium cocoyl isethionate, and the Margarita Fragrance Oil. Stir to incorporate the ingredients.

Step 4: Next, add 630 grams dead sea salt and mix together until well incorporated. Then, add the colorant mixture. Again, mix to disperse the color completely.

Step 5: Finally, once the mixture comes to room temperature, pour it into your jars. Then, place a lid on top. Your foaming margarita salt scrubs are now ready to use!
