Here's How It's Done : Directions

Total Recipe Weights:

- 512 grams Baking Soda
- 256 grams Citric Acid
- 18 grams Apricot Kernel Oil
- 10 grams Bentonite Clay
- 2 grams Butterfly Flower Fragrance Oil
- 5 grams Neon Pink Fun Soap Colorant
- 5 grams Brown Oxide FUN Soap Colorant

This recipe is best prepared in non-humid climates. Prior to making this recipe, pour some of your witch hazel into your spray bottle in order to have this ready.

Step 1: Mix together 512 grams of baking soda, 256 grams citric acid, and 10 grams of bentonite clay. Break up any clumps with your hands.

Step 2: Add 18 grams apricot kernel oil and 2 grams of Butterfly Flower Fragrance Oil. Using your hands, mix well.

Step 2: Divide your mixture as follows: Half of your batter will be used for the pink portion of the bath bomb and half of your batter will be used for the brown portion of the bath bomb.

Step 3: Add 5 grams Neon Pink FUN Soap Colorant to the appropriate bowl. Add 5 grams of Brown Oxide FUN Soap Colorant to the appropriate bowl.

Step 4: Now, you will need to spray your bath bomb mixture with witch hazel until it becomes clay like; not over-doing it.

Step 5: Grab a plastic toy pig and cover it with some brown bath bomb mixture.

Step 6: Spritz the brown layer with witch hazel, and cover the brown layer with pink bath bomb mixture. Finally, spritz and cover part of the bath bomb with the brown mixture. You will want to leave some of the pink layer showing. Allow to dry.
