Clean & Sanitize your work area and all of your packaging materials. It is suggested that you wear gloves, protective clothing, and a hair net while preparing this recipe.

Step 1: Using a double boiler, weigh out and melt the proper amounts of beeswax, sunflower wax, coconut oil 76, macadamia nut oil, cocoa butter, and mango butter.

Step 2: Once the butters, beeswax, and oil are in a liquid state, add honey, vitamin e, mango flavoring, and Kiss Me Coral Lip Tint. Stir.

Step 3: Now, place your mixture into lip balm tubes using the transfer pipettes. Plastic pipettes work better than glass pipettes because they do not cool down your mixture as quickly as glass pipettes do.

Step 4: Allow the lip balm to cool at room temperature.

Step 5: Once your lip balm has setup, place the caps on the lip balm tubes. Your Mango Madness Lip Balm is now ready to use!
