[Spectrum Liquid Candle Dye- ORANGE 1oz.](#)

[Spectrum Liquid Candle Dye- GREEN 1oz.](#)

[CD Candle Wicks \(100 wicks\)](#)

1- 16 oz. Glass Apothecary Jar

Ziplock bags for mixing colored wax

Hot Glue Gun

Here's How It's Done : Directions

Step 1: Using a hot glue gun, attach 2- CD-12 wicks to the bottom of your apothecary jar (equally spaced apart from one another).

Step 2: Place 1/2 cup of Pillar of Bliss wax (in granulated form) into 6 ziplock bags (that is 1/2 cup wax in each bag).

Step 3: Add 1 drop of liquid candle dye to each of these ziplock bags (each bag will be 1 color only... do not mix the colors). When you are done with this step, you should have 6 bags of wax; red, yellow, orange, green, blue, purple.

Step 4: Take a 1 oz. bottle of Natures Garden Rainbow fragrance oil and equally share it with all 6 bags of wax. Mix well.

Step 5: One bag at a time, place the colored/scented wax into your jar; creating a layered rainbow. Keep your wicks straight and spaced correctly in the jar. Trim wicks.

Step 6: Burn your candle!
