

♥ I love you completely; mind, soul, and body.

♥ I love you now, forever, and always.

♥ You are my everything.

♥ You are my one true love.

♥ You make everyday worth living.

♥ I am so happy to have found you.

♥ You are perfect in every way.

♥ I fall more deeply in love with you each day.

♥ I have found my soulmate.

♥ I cant stop thinking about you.

♥ You are my world.

♥ You are so lucky to have found me.

♥ I know I rock your world.

♥ It's time to get freaky.

♥ Relax baby, I got this.

♥ I love when you sleep all day.

♥ Remember, I am the best you are going to get.

♥ I married beneath me; but then again, all women do.

♥ When you say I cant take a joke, you forget I took you.

♥ You are like death and taxes; there's no avoiding you.

♥ Just like the drunk tattoo I got; you're not going anywhere.

♥ I feel much better now that I have given up hope.
